

Report from Fukui Friendship Ambassador! 2016, May

Name: Matthew Meyer

From: US

Induction: 2012, July

My time in Fukui strongly influenced my work as an artist. I enjoyed watching the restoration of the bridge at Fukui castle, and I so it was fun to imagine what Fukui castle would look like if it still was around today.

When I lived in Echizen, I worked with the 越前市国際交流会館 to make a series of comics aimed at foreigners about separating trash.

You can see them here: <http://matthewmeyer.net/blog/tags/ecchan/>

You can also see more of my yokai at my website, yokai.com

I hope that I can do some artistic projects in Fukui in the future.

Best wishes,

Matthew Meyer
